WEDDING INFO

We picked a festival theme for our wedding as we both love the atmosphere and community spirit of music festivals, and wanted to recreate that for our special day.

Dress Code

Don't worry, we're not expecting you to turn up in wellies and

race paint, it is still a wedding after all. But we'll be keeping things pretty relaxed ourselves and you're very welcome to join us.

Gift List

We're lucky enough to have talented friends and family who've generously donated their time and effort to helping us make this happen.

Not only that, we also appreciate that we're asking you to travel a long way at great expense to attend our celebration.

This is worth more to us than any gift and so we'd like to respectfully request no wedding gifts.

But if you do insist, then the best gift you can give is your help. Drop us a line as I'm sure there's something we could use a hand with.

And if you really do insist, then we would appreciate a donation made to [Cancer Research UK](#) and [Mind](#).
